### Diplomacy

Some people think of diplomacy as something that is used by high officials in dealing with foreign relations.

But the places where diplomats are most needed are the home and the office.

Diplomacy can often make "no" sound like "yes." It can turn bad luck into good, and make friends out of

Understanding other people and having control over your self are the two great requisites of a tactful personality. Most blunders in diplomacy are made because of ignorance or selfishness.

Good sense is the basis of getting along with all your associates. Diplomacy depends on good judgment. You can cultivate both these qualities.
